

The Faculties of Mathematics and Natural Sciences at the Humboldt-Universität zu Berlin invite applications for a

W3-Professorship in "Mathematical Physics of Space, Time and Matter"

in a joint appointment procedure of the Institutes of Mathematics and Physics, starting date April 1st, 2009.

The successful applicant is expected to have made outstanding research contributions to mathematical physics in the area of interaction of mathematics, theoretical particle and gravitational physics, as it has emerged from the ideas and results of string theory. The professorship should actively participate in the collaborative research center 647 "Space-Time-Matter" and engage in undergraduate and graduate level teaching at both the institutes of mathematics and physics.

Applicants have to fulfill the requirements for the appointment to university professor /Universitätsprofessor according to §100 of the Berliner Hochschulgesetz and should have substantial teaching experiences.

The Humboldt-Universität zu Berlin wishes to increase the number of women in research and teaching positions and particularly encourages female scientists to apply. Applications of scientists from abroad are particularly welcome. In case of equal qualifications handicapped applicants will be favored.

Please submit your application including a Curriculum Vitae and a list of publications along with a short research statement to Humboldt-Universität zu Berlin, Mathematisch-Naturwissenschaftliche Fakultät II, Institut für Mathematik, Prof. Dr. Brüning, Unter den Linden 6, 10099 Berlin, Germany, referring to opening PR/029/08. Closing date is October 15th, 2008.
